THE LIAR'S LULLABY
 You say you love our land, you liar
 Who dreams its end in blood and fire
 Said you wanted me to be your choir
 Help you build the funeral pyre.

But Robby T is not the one
 All that's needed is the gun
 Load the weapon, call his name
 Unlock the door, he dies in shame.

Look and see the way it ends
 Who's the liar, where the game?
 Love and death, it's all the same
 Liar's words all end in pain.

I fell into your embrace
 Felt tears streaming down my face
 I fought the fight, ran the race
 Faltered, finally fell from grace.
